Update on the “Spring Clean-up”

Due to last week’s rain and more rain forecasted for the remainder of this week, Myers mowed and started to clean-up the branches and sticks on Tuesday, April 9. Our service is normally scheduled on Wednesdays.

Please note that this is not the extent of Spring Clean-up. We are aware that more needs to be done. We needed to get the clean-up started this week in-between rain, storm basin water, and/or potential muddy conditions.

In addition, I received a question about which nursery Myers utilizes. Locally, they use Stauffer’s of Kissel Hill.

Thank you,

Lee Hayes, Grounds/Paving, Chairperson
